

America is in trouble! Health care, war, broken families, drugs, teen pregnancy, disease, debt and a possible looming depression. Despite efforts by government, trillions of dollars spent and all the hard work of many social agencies, these problems continue to grow.

Is there any real, believable hope?

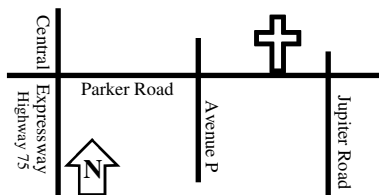

What change needs to take place?

Where should this change come from?

At *COLLIN CREEK CHURCH*, we will be looking at America's history and constitution. We will be examining the role of God in government and the role of the Christian in politics.

We begin this journey:

Wednesday, August 19th @ 6:45 pm

ANGELS & DEMONS

According to a Time Magazine survey, 69% of Americans said they believe in angels. However their beliefs are very diverse: some believe them to be figments of the imagination, others believe them to be spirits of people who have died and still others believe they are merely symbolic.

An other new nationwide survey of adults' spiritual beliefs suggests that Americans who consider themselves to be Christian have a diverse set of beliefs – but many of those beliefs are contradictory or, at least, inconsistent. 59% of Christians said they believed that Satan “is not a living being but is a symbol of evil.” Ironically, a majority of Christians also said that they believe that a person can be under the influence of spiritual forces, such as demons or evil spirits. 64% of Christians agreed that such influence is real. (www.barna.org)

This 5-part series will help you understand what God's Word truly says about ANGELS & DEMONS.

Wednesdays @ 6:45 pm, beginning July 8th

For “some have entertained angels without knowing it.”

(Hebrews 13:2-NASU)
